

SENATORS HEAR POLICE SCORED

Mrs. S. Hazen Bond Criticizes
Conduct During Suffrage
Parade in Affidavit.

(Continued from First Page.)
the conduct of the police was the statement made by Frank C. Wood, assistant scout commander.

Mr. Wood told about the part played by the Boy Scouts in the protection of the parade. He was followed by Dr. Arthur N. Zinkham, of Emergency Hospital, who was in charge of the ambulance that drove along the Avenue at the time of the parade, and which Senator Polindexter sought to stop.

The morning meeting adjourned until 1:30 after a session of an hour. This afternoon policemen charged with delinquency are making their statements.

Not Official.
Senators Jones, Dillingham, and Pomerehne were present.

Mr. Wood, in speaking of the fact some of the Boy Scouts had criticized the police, said no reports of that sort had been made officially.

Questions of Senator Jones brought out that Mr. Wood was at the head of the parade with fifteen Boy Scouts, and that the mounted police at the head of the parade became mingled in with the crowd.

Three hundred Boy Scouts were on duty, and their average age was fourteen years.

Dr. Zinkham described what happened when he went in the Emergency Hospital ambulance to respond to a call at the time of the parade. He had the driver go along the Avenue because experience on such occasions showed it was impossible to get along the side streets. Senator Polindexter tried to stop the ambulance and raised his cane in a threatening manner at the driver.

Ignored Badge.
"He said we must get off the Avenue," said Dr. Zinkham. "He ignored my badge absolutely."

Dr. Zinkham, who is a special officer, said he told the man who tried to stop the ambulance, whom he did not know at the time, but, who, it is now known, was Senator Polindexter.

"I'm a special officer, and I'm going to take this wagon through," the doctor ordered the driver to go ahead, and told him if anyone tried to stop him such person would have to take the responsibility.

CABMEN IN FIGHT FOR D. A. R. TRAFFIC

Licensed Drivers Protest When
"Outsiders" Start to Haul
Convention Delegates.

Alleged Deserter Accused of
Swindling Merchants With
Worthless Orders.

"Hansom, Ladies"—that old familiar query of the "cabbie" soliciting a fare—has developed into something of a battle cry in and about Continental Hall since the D. A. R. congress started. Washington's licensed hackmen are vigorously protesting the action of several wealthy lively stable proprietors who without individual hacking permits have been catering to the Daughters with scores of lively stable vehicles, and have thereby practically crowded the bona fide "night hawks" out of the plum getting. While the political fight among the Daughters' waxes hot on the inside the "cabbie" battle wages without Continental Hall.

As a result of protest on the part of the licensed "cabbies" Capt. Daniel Sullivan ordered Sergeant Brown, of the Third precinct, to issue a warrant for Edward F. Barker, a livyerman who has about twenty cabs in service for the congress crowd. Barker failed to put in an appearance in the Police Court today, and as a consequence forfeited \$25 on a charge of operating a public vehicle without a license.

Captain Sullivan said that he had given strict orders that the rights of the licensed drivers be protected at the congress, and that violators of the law would be punished. Eighteen violations of the back law have been prosecuted since the congress opened.

Deserting from the coast artillery at Fort Hunt, it is charged, Corporal Walter Cameron is being sought by the police of Washington and other cities today on a charge of having passed three alleged worthless checks aggregating \$69 on Alexandria saloonkeepers. Cameron was last seen in this city Monday evening, when he talked with a friend at Seventh street and Pennsylvania avenue northwest. It is believed, however, that he has left Washington.

The police were asked today by the military authorities to send out an alarm for the missing man as a deserter. Later it developed that he had passed three checks on Alexandria saloons. The checks are said to have been taken from Lieutenant Guthrie, of the Coast Artillery, at Fort Hunt. No complaint has been made to the local police of the artilleryman having passed any checks in this city.

MI-O-NA A SPECIFIC FOR STOMACH ILLS

Many people treat their house, dogs and other things in which they are interested with more thoughtfulness than their stomachs.

We take precautions against fire and other damage in property, but what care or thought do we give our bodies? Almost none! Somehow we have an idea that our mortal frame will stand any abuse heaped upon it, so we go on tormenting it until it becomes defiant and rebellious.

A little fire bell in the system always rings to sound the warning. We have an ache, pain, a bad taste in the mouth, or something out of the ordinary. What is the cause? Just this—been eating too much, too fast, or something that the overloaded and tired digestive organs refuse to handle in the natural way.

Be prepared for these warnings. Mi-o-na Tablets are a specific for stomach ills. Get a box today—always keep them in the house—carry them when traveling—take them at the first warning of stomach distress.

If you have that uncomfortable feeling of fullness, if your stomach is upset, if times and are irritable and depressed, beware—you are warned that the stomach and digestive organs are in rebellion. Do not delay. Take Mi-o-na—at once—immediate relief is certain.

Remember—if not benefited—Mi-o-na cost nothing—always sold on money back plan at O'Donnell's Drug Store and druggists everywhere. 50c a large box—Adv.

NEW BUILDING FOR SCIENCE RESEARCH

\$100,000 to Be Expended on
Home for Branch of Carnegie Institution.

Ground has been purchased and plans drawn for the erection of a new building for the department of terrestrial magnetism of the Carnegie Institution of Washington, at Twenty-second street and Broad Branch road.

The ground, which was purchased in four parcels, from the Chevy Chase Land Company, Mrs. Susie R. Oswald, Miss Harriet Richardson and Mrs. Annie E. Schneider, cost a total of \$25,000. The building will cost about \$5,000 and when it has been equipped, the improvement will represent an expenditure of considerably more than \$100,000.

The department of terrestrial magnetism is one of ten departments maintained by the Carnegie Institution. At present its quarters are in the Ontario apartment house. The department will be greatly enlarged when it takes possession of its new quarters.

The new building will be about 50 by 100 feet and will be constructed of rock and will consist of an airy basement, two stories, an attic, and an observation platform on the top. William B. Wood is the architect and is now receiving bids for the construction. Purchasing of the ground was made through Thomas J. Fisher & Co.

Rees Buys Building.
George S. Rees has taken title to the Bradford building and adjoining property at 504 and 506 Fourteenth street northwest. The property was reported sold to David A. Arnold, of Pennsylvania, some weeks ago for a consideration of about \$140,000, of which amount \$20,000 was in Pennsylvania coal lands. It developed that Mr. Rees was the real purchaser in the transaction, and the title has now been recorded in his name.

Air Strength Compared.
LONDON, April 16.—Latest official figures show that the Triple Alliance owns thirty-nine dirigibles of 11,000,000 capacity. The triple alliance owns thirty-five, with 6,000,000 capacity.

Excise Legislation Explained to Wilson
The administration of the Jones-Works excise legislation, which passed the last session of Congress, was brought to the president's attention today by the authors of the legislation, Senator Works of California and Senator Jones of Washington.

"We told the President that the appointment of the new excise commissioners for the District was probably the most important local appointment before him," said Senator Jones.

"We called just to point out the fact that the men to be appointed should not be extremists—neither prohibition extremists nor pro-liquor men. We did not endorse any candidate, but showed the President the responsibility that will rest with the new board."

Granted a Divorce.
An absolute divorce was today granted by Justice Harman in Equity Court No. 1 to Charles N. Caldwell from May B. Caldwell. The court assessed all the costs of the suit against the husband.

Capital Boy Scouts To Receive Badges
The largest single consignment of merit badges for Washington Boy Scouts ever received, came to the office of the scout commissioner today from national headquarters. Seventeen scouts will receive badges for tests in every department. Nearly every scout will receive two or more badges. J. V. Hyde will receive the largest number of badges for examinations successfully taken in six departments. E. E. Jones is next with five badges.

A Purchase of Men's Spring Suits At Sensationally Low Prices

The sale of men's new spring clothing we launch tomorrow is such as to make thrifty men realize their keenest bargain expectations. A prominent New York manufacturer found it expedient to convert his stock into cash at once, and we were right on hand to take advantage of this circumstance—which means savings of a third and more for our men patrons.

Every garment in the lot bears the hall-mark of superior style and good tailoring—and to remain away from this remarkable sale means to miss the season's most unusual value-offering in spring clothing.

Lot 1—Suits worth \$10.50 and \$12.50 at \$7.65

Men's new spring Suits, consisting of all-wool navy blue serge, lined with Venetian cloth, dark gray cassimeres, fancy chevrons, and dark striped worsteds, lined with serge and alpaca. Brand-new models, tailored with unusual grace and care. Sizes 33 to 40. Values worth \$10.50 and \$12.50. Sale price, \$7.65.

Lot 2—Suits worth \$15.00 and \$16.50 at \$10

Men's Suits of fine grade materials, consisting of pure all-wool worsteds, in the season's newest and most refined patterns, such as blue and white pin stripes, silver gray, fancy mixtures, browns, handsome novelty grays, silk mixtures and fine twilled navy blue "Insured" Serges. Every garment perfectly tailored. Sizes 33 to 42. Values worth \$15.00 and \$16.50. Sale price, \$10.

A Remarkable Sale of Women's Footwear Values Sold Regularly at \$3, \$3.50 and \$4 a Pair, Offered Tomorrow at \$1.88

Another notable achievement in shoe selling, the result of several large purchases of women's new spring footwear at an extremely low figure. All are high-grade qualities and up-to-date styles, representing the surplus lines and samples of such excellent makers as C. F. Ford & Co., Venor Shoe Company of Rochester, N. Y., Ziegler Bros. of Philadelphia, and other prominent makes. Your best opportunity to secure new shoes for spring and summer wear is at hand—take advantage of it tomorrow.

The lot includes women's Button and Blucher Oxfords, Pumps, Coletons and Sallier Ties, with and without straps, in the following styles: Black, White, Tan, Navy, Kid, Suede, also Satin and Velvet. Hand sewed and hand turned soles; high and low heels, all styles of toes.

All sizes in the lot from 1 to 8, but not every size of each style. Some of these shoes are classed as "factory checks," because of slight faults which are hardly noticeable and do not impair their serviceability or wearing qualities at all.

Choice tomorrow of footwear, selling regularly at \$3.00, \$3.50, and \$4.00 for \$1.88.

Victory for the Royal Typewriter ACCURACY WINS!

ACCURACY is the first consideration in typewriting. Without accuracy speed is nothing, and a thing to be avoided.

The Simplified Mechanism of the Royal Typewriter Ensures Accuracy and Neatness in Copy

Miss Annette Levy, an amateur speed typewriter, in the Philadelphia Speed Contest held at the Business Show on March 29th, finished third against 12 contestants, some of them professionals.

After fifteen minutes of writing her copy showed but one error for each 70 words, while that of the speed prize-winner showed an error for each 35 words, and the second contestant made an error for each 24 words.

The Royal Typewriter Has 19 Exclusive Features The United States Government Has Over 3000 Royals In Use

Telephone or write for the ROYAL book which fully describes this wonderful typewriter that is rapidly forging to the front.

ROYAL TYPEWRITERS are guaranteed to do the work of higher priced machines for a greater length of time and at least expense for upkeep.
